

CATHEDRAL COLLEGE WANGARATTA
A school of The Anglican Schools Commission (Inc.)

First Aid Policy

Section	Student Welfare
Number	6c
Version	1.0
Approved	School Council
Date	January 2017
Review Date	January 2018

1.0 Purpose

AIMS

- To provide and ensure students and staff have access to appropriately qualified first-aid trained staff in the event of illness, injuries, or accidents.
- To ensure students safety and wellbeing are addressed efficiently and effectively in a range of activities and location.
- To ensure students are safe against potential hazards and risks.

2.0 Principles

Cathedral College Wangaratta is committed to the provision of an effective system of first aid management to protect the health and safety of all school employees, students and visitors as a requirement of the Occupational Health and Safety Act 2004. The school's policy applies to all who may be affected by injuries or illness resulting from school activities, whether on or off school campus, or attending Outside Hours School Care.

RATIONALE

- Under the provision of the *Occupational Health and Safety Act 2004* [Occupational Health and Safety Regulations 2007] and the duty of care obligation that a school has to its students the school is responsible for providing first-aid facilities and sufficient staff trained to an appropriate level of competency in first-aid.

3.0 Procedures

IMPLEMENTATION

- As part of the duty of care owed to students and teachers, the College is required to administer first-aid when necessary within the limits of the available staff skills, expertise, and training.
- A member of staff must be an accredited and trained First Aid Officer.
- It should be noted that a teacher is obligated to assist an injured student.
- In the case of serious injury or illness, neither the Principal nor the teacher is required to diagnose or treat the condition apart from carrying out appropriate first aid. Diagnosis and treatment are the responsibility of the ambulance practitioner in attendance.
- All staff should have current and undergo annual first-aid, *Cardio Pulmonary Response* and Anaphylactic Training.
- Cuts and abrasions should be cleaned under running water.
- Disposable plastic gloves are essential and should be worn by all staff attending students.
- **Only** staff with first-aid qualifications should provide first-aid but other staff may be required to do so in the event on an emergency.

The 'First Aid' Policy is displayed in the following locations:

LOCATION:
Student Services – 344 Wangaratta-Whitfield Road, Wangaratta
Outside School Hours Care – 344 Wangaratta-Whitfield Road, Wangaratta
S:/Drive Administration/CCW Policies/Welfare and Discipline

PROCEDURE

FIRST AID OFFICERS:

The College has provided the number and qualification level of first aid officers required.

The designated First Aid Officers are:

Sharon Nolan Student Services
Katey Pryor Administration
Vicki Roberts Administration

FIRST AID OFFICER(S) TRAINING:

The College has ensured that all school first aid officers have undergone recognised First Aid, Anaphylaxis and Asthma Training.

The school maintains a registry of all first aid officers, listing first aid qualifications and renewal date.

This register is maintained and updated in MAZE data-base by Sharon Nolan.

FIRST AID EQUIPMENT AND FACILITIES:

First Aid Kits

The school has provided the number of first aid kits required according to the number of staff and students at our school.

First Aid Kit Details:

First Aid Kit Description	TYPE Location
Student Services emergency first aid kit Camp Kit bags - A,B,C,D	Student Services Office
Sports Kit	Sports Centre
Outdoor Education Kit	Material Technology Centre
OSHC	Art Centre

The school has completed the **First Aid Checklist for First Aid Kits**.

First Aid Room

The school has provided a first aid room and designated first aid area. First aid signs with a green cross and white background are displayed for students, staff, visitors and emergency services to clearly identify the location for medical assistance.

Emergency telephone numbers are prominently displayed for:

- Ambulance/Fire brigade/Police
- Local hospital
- Poisons Information Centre
- First Aid Officers names and contact numbers are clearly displayed
- First aid supplies are checked each term or after increased usage.

The school has allocated the following locations as the designated first aid room/ area.

LOCATION	TELEPHONE NUMBER
Student Services	03 5722 2144

The school has assigned responsibility for the room/area to the listed designated first aid officer/s.

LOCATION/ ROOM	FIRST AID OFFICER
Student Services	Sharon Nolan
Administration Building	Katey Pryor
	Vicki Roberts

First Aid Room Contents:

The school has met the content requirements of the first aid room providing the following items:

- Eye protection
- Gown/apron
- Disposable gloves
- Resuscitation mask
- Sink and wash basin with hot and cold water
- Work bench or dressing trolley
- Cupboards for storing medicaments, dressings and linen
- A container for soiled dressing
- A sharps disposal system
- Electric power points
- A couch with blankets and pillows
- An upright chair
- A desk and a telephone
- Signage indicating emergency telephone numbers
- Signage indicating emergency first aid procedures
- A first aid kit appropriate for the workplace (WorkSafe, 2008)
- Wheelchair

FIRST AID PROCEDURE FOR NON-EMERGENCY RESPONSE

Yard duty teachers are to wear a high visibility vest to assist students to easily identify them.

Students are required to report to the yard duty teacher for basic first aid. If further medical attention is required the student is to be given a green card to present to the First Aid Officer for further medical attention.

During class, if a student requires medical attention they are to be sent to the First Aid Officer with a first aid advice slip.

Staff providing first aid may assess that an emergency response is not required, but medical advice is needed. In these circumstances, the school should ask the parents/guardians or emergency contact person to collect the student and recommend that advice is sought from a medical practitioner.

Example: This response would apply if a student:

- receives a blow to the head but there are no signs of concussion
- reports persistent aches and pains.

Emergency assistance may then be required.

Note: It is not the role of the school and school staff to:

- make a decision about medical prognosis.
- determine whether the point of the Not-For-Resuscitation order has been reached.

FIRST AID PROCEDURE FOR EMERGENCY RESPONSE

If a student is seriously injured or ill, call an ambulance immediately on 000. Be ready to provide the following details:

- your name
- location
- number of people involved, and
- details of the medical emergency.

The First Aid Officer should be alerted as soon as possible. This can be done by delegating a student to be sent to the office with a red alert card or make contact via telephone. Never leave the student alone or move.

Delegate a staff member who will escort or direct the ambulance/medical personnel to the site of the emergency and arrange for first aid to be provided in the interim.

Send staff/students to the main building/property entrance to flag the ambulance as it approaches.

ACCOMPANYING STUDENTS TRANSPORTED BY EMERGENCY SERVICES

Upon the principal's discretion a staff member may accompany a student transported by emergency services when one or more of the following applies:

- a parent/guardian or emergency contact person cannot do so
- the age or development of the student justifies it
- the student chooses to be accompanied
- alternative supervision for remaining students can be arranged.

ACCOMPANYING STUDENTS BY PRIVATE VEHICLE

On the rare occasion when a school staff member has to transport a student to emergency care (such as when an ambulance is not available), at least two adults should accompany the student to ensure the:

- driver is not distracted.
- student can be constantly supervised.

ACCIDENT AND INCIDENT RECORDING

The school records all information relevant to the first aid management of an injury or illness.

The recording system provides:

- *The date and time of the incident.*
- *A description of the incident and/or symptoms.*
- *Signs observed by the first aid attendant.*
- *Treatment given.*
- *Whether the person returned to work/class, went home, or was transferred to a doctor or hospital.*
- *Report to Worksafe: Public Online Written Incident Submission when a student, staff or visitor is taken to hospital.*

<https://www3.worksafe.vic.gov.au/powsWeb/onlineNotificationWizard.do?method=init>

All incidents are recorded on the school's student database; MAZE.

ADMINISTERING MEDICATION:

The school has designated suitably trained staff to be responsible for the appropriate storage and administration of prescribed and non-prescribed medications to students.

All medications for students need supervision and must be handed into the relevant office. This ensures that they are issued and recorded including dosage and time of administration:

- *Name of student requiring medication listed on the container – written by pharmacist*
- *Parental authorisation*
- *Medical practitioner's instructions*
- *Specific dosage to be administered to student*
- *Time medication to be taken by student*
- *Route medication to be taken e.g. oral, inhalation, injection, etc.*

All medication dispensed must be recorded. Parental/guardians permission is required to administer analgesics (pain medication) to students.

In the case of medication that needs to remain in the possession of the student- an Epipen for instance – the College needs to be made aware of the condition, the medicating regime and an up to date spare device is to be given to the relevant office for emergencies. Refer to Anaphylaxis Policy.

All medication administered must be recorded by the first aid officer on the school's student database.
